

Retrofitting Excellence

About Us

Formerly known as "TEXLLANCE CNC", is established in 1997. Company Head Office and Works are located at Sinhagad Road, Pune, India.

Company is involved in the business of manufacturing CNC Lathe machines, CNC Retrofits, CNC XY Table and Refurbishing/ Upgradation of old CNC machines.

List of Retrofitted Machines

More than ~~100~~⁴⁰⁰ Retrofits are working in the field, a few listed below :

HMT - NH 22/26, Vikram & LB series.

MK - Enterprise & Turnmaster series.

PSG - 124 / 141 / 400 / 500 / 600.

Beco - HD 50/65

Nagamati, Bombay lathe, Churchil UK.

Revensberg, Weipert, Sculfort, SU-100, Panther

Geminis etc. Also some Alpha lathes.

Controllers

FAUNC

SIEMENS

REXCON

Lathe 1500 mm Swing & 4000mm ABC

Retrofitting

CNC Controls like Fanuc, Siemens, Mitsubishi, Neri, Retcon are integrated on standard, all geared lathes with hardened bed. Retrofitting work comprises Reconditioning & Turcite coating for slides, Lubrication, Splash guards, Ball screw alignments, Control interfacing with wiring for accessories etc. Part programming and Training along with job trials is inherent part of our work.

Wieser Heilbronn

Capacity:

- ◆ Lathe machines upto 1500mm Diameter and ~~5000mm~~^{7000mm} length with 8/12 station turret.
- ◆ Milling machines upto size 3.
- ◆ Grinding machines of 1200mm length.
- ◆ Drilling machines upto 52mm diameter.
- ◆ VTL upto ~~1500~~^{2000mm} mm Table diameter

Beco HD 65

Multi Axes Automation

We provide 1, 2 & 3 axes automation for Drilling, Milling & Grinding applications. CNC XY Tables are built to required size with CORDCON Control.

Reconditioning and Control change for HMCs and VMCs.

PSG 141

HMT NH 26

Refurbishing

Refurbishing is about adding new life to an old CNC machine in partially working or down, using latest CNC Controllers. Refurbishing work comprises :

- ◆ Interfacing & wiring of new CNC Control.
- ◆ Reconditioning for slides with Turcite coating
- ◆ Accessories overhaul for spindle, Ball screws, Turret, Hydraulic Power Chuck and Tail stock.

Infrastructure

Admeasuring around 6000 sqft. workspace with state of art facilities and sophisticated equipments fulfill the requirement of high quality product. With four technical directors having experience of about two decades in the CNC Machine tool field and competitive staff of young engineers, company is rapidly growing up in CNC Machine Tool manufacturing sector.
